

# the bridge card

As campus missionaries, you need to be equipped with the most effective, easy-to-use tools to help you share Jesus with others. When it comes to sharing your faith, the Bridge Card is one of the best tools for doing this. It helps focus your thoughts and present a clear message. Use the Bridge Card anywhere, anytime, on or off campus, to help explain your faith.

The first section illustrates everyone's desire for a meaningful life. You can share with your friends Jesus' statement in John 10:10, where He says He wants us to have the best life possible.

The second section shows the separation sin creates between us and the fulfilling life God has in store for us. Romans 3:23 and 6:23 both address the problem of sin.

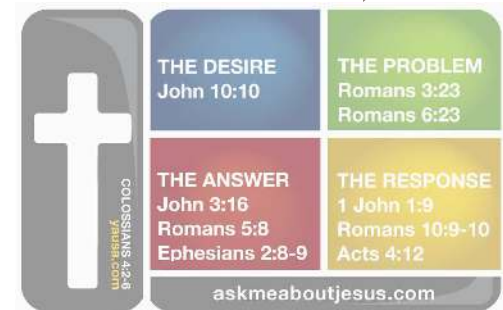

Rip this section off and use it as a key chain. You can write the initials of your friends who don't know Jesus on the back. This will remind you to pray and look for God-given opportunities to use the Bridge Card illustration.

The third section of the Bridge Card is about Jesus. It illustrates how His death on the cross bridged the gap sin creates between us and God. John 3:16 and Romans 5:8 both mention what a valuable gift this is to us.

The final section shows how our lives can be transformed into the fulfilling, meaningful lives we were created to live. 1 John 1:9 and Romans 10:9-10 talk about this change.

There are even verses on the back to help you out!

That's all there is to it! Again, these are just ideas as to how we can present the gospel by using the Bridge Card. Add your own flair to it. Make it your own story, and share what's changed in your life since you decided to follow Jesus.
